We acknowledge the traditional custodians of the land on which we live and work and we pay our respects to the Elders both past and present

Communication Avenues 2025

South Grafton Public School offers our parents many communication avenues to access newsletters, notes, make payments, notify student absences etc. We have the following facilities available:

Emails: Parents need to keep their email address up to date. The newsletter is emailed every Thursday. Important information and detention notes are also being emailed which is a much quicker and efficient way to inform parents.

School Website

Our website is continually being updated. There is an enormous amount of information available on our website including newsletters, notes and calendar of events.

School Bytes App

Download the School Bytes App from the App Store to register. Register and link your child. Once activated you can make online payments to the school for your child.

Sentral Parent Portal

Parents will receive a unique key code and instructions via email to register for the parent portal. Once you have registered, download the free Sentral Parent Portal App from the App Store. This will be an easy access tool to notify the school of your child's absences. A text message will be distributed to notify parents/carers each day your child is absent without an explanation.

Facebook Page

'Like' our Facebook page to also see the newsletter and many of our good news stories and activities the children are involved in. To showcase our school every class will have stories on our Facebook page during the year.
